

WEBINAR SIS II FOR END-USERS (27 JUNE 2013, 14:00 CET)

Description

With the launch of the Second Generation Schengen Information System (SIS II) on 9 April 2013, new tools, instruments and responsibilities have become available for its end-users in the Member States, Associated Countries and relevant Agencies. As a result, the Schengen online module has been updated. Attendees of the webinar will have the possibility to interact with the presenters, ask questions and share expectations with fellow attendees in order to prepare themselves for using SIS II.

Aim

In combination with updated CEPOL online module Schengen, the SIS II for End-users webinar aims at introducing SIS II and preparing the end-users for its use.

Target group

SIRENE, police, customs, judicial authorities, border guards, Europol, Eurojust, National vehicle registration services.

Programme and Speakers

1. **SIS II for end users:** Functionalities, Who has access, Statistics, Data protection
M. Flynn & Zs. Felkai Janssen, European Commission, DG Home
